

District 8 Public Works Integrating Committee

The State Capital Improvement Program (SCIP) and the Local Transportation Improvement Program (LTIP) are two programs funded by the Ohio Public Works Commission (OPWC) to assist in the financing of local public infrastructure improvements. The District 8 Public Works Integrating Committee is one of nineteen statewide district integrating committees established to administer SCIP and LTIP. SCIP and LTIP provide financial assistance to local communities for the improvement of their basic infrastructure needs. District 8 receives an annual allocation of approximately \$10 million. Applications are due at the end of June and are evaluated based on a number of scoring criteria. The District 8 Integrating Committee approves funding for projects in November. Funding becomes available after July 1 of the following year.

State Capital Improvement Program (SCIP)

SCIP is a grant and loan program for public infrastructure projects including roads, bridges, water supply systems, wastewater treatment and collection systems, storm water collection systems, and solid waste disposal facilities. District 8 receives an annual SCIP allocation of approximately \$5 million for grants and \$2 million for loans.

Local Transportation Improvement Program (LTIP)

LTIP is a grant program for public infrastructure projects for roads and bridges only. District 8 receives an annual LTIP allocation of approximately \$3 million for grants.”
