- **OLD BUSINESS**

David O'Neal asked why the Mobile Hospital trailer is not being considered for the deployment trailer. Chief Leslie stated that the branch directors had gone out to look at it and that it would not be as easily deployed. Richard Smith said it is an air-supported structure that would be hard to set up in most situations where they would be deployed. The group agreed to review and evaluate the trailer after today's meeting.

- **NEW BUSINESS**

Tommy Smoot stated he wants to add three standing items to the agenda:

1. SORT Capital Planning - looking at our long-term goals for the next 10, 15, 20 years.
2. Hazmat Truck Committee – to decide how to move forward and fund
3. SORT Asset Review – look at what we currently have. Chief Leslie stated he would like each branch to submit a list of what they need over the next 1-2 years and 5 years, along with how to accomplish it.

- **GOOD OF THE ORDER**

Rob Keener stated that Water and Hazmat teams have been able to firm up their 2026 training schedules. Water will be week one, TROT week two, and Hazmat week three, with the same Wednesday, Thursday, and Friday schedule.
