County Executive Shapiro Issues Statement on November SNAP Benefits

We are aware of growing concerns regarding the potential disruption of SNAP (Supplemental Nutrition Assistance Program) benefits starting **November 1**. At this time, our Department of Job and Family Services has **not** received any confirmed details about any changes or stoppages for November benefits.

Please know that we are actively monitoring the situation at both the **state and federal levels**. Our team is committed to keeping our residents informed and will share any updates as soon as they become available.

We understand how important these benefits are to individuals and families in our community. If residents have urgent needs, we encourage them to call 2-1-1 or visit 211summit.org to access food pantries and other resources.
